PIANO PRIMOPIORE PANNA

I_BENCH

Grazie alla particolare tecnica di lavorazione questo esclusivo nobilitato risulta 'tridimensionale' al tatto, un prodotto 'sintesi' di qualità ed estro creativo.

The unique production technique gives this exclusive laminate its 'three-dimensional' feel, a high-quality 'synthesis' which is truly creative.

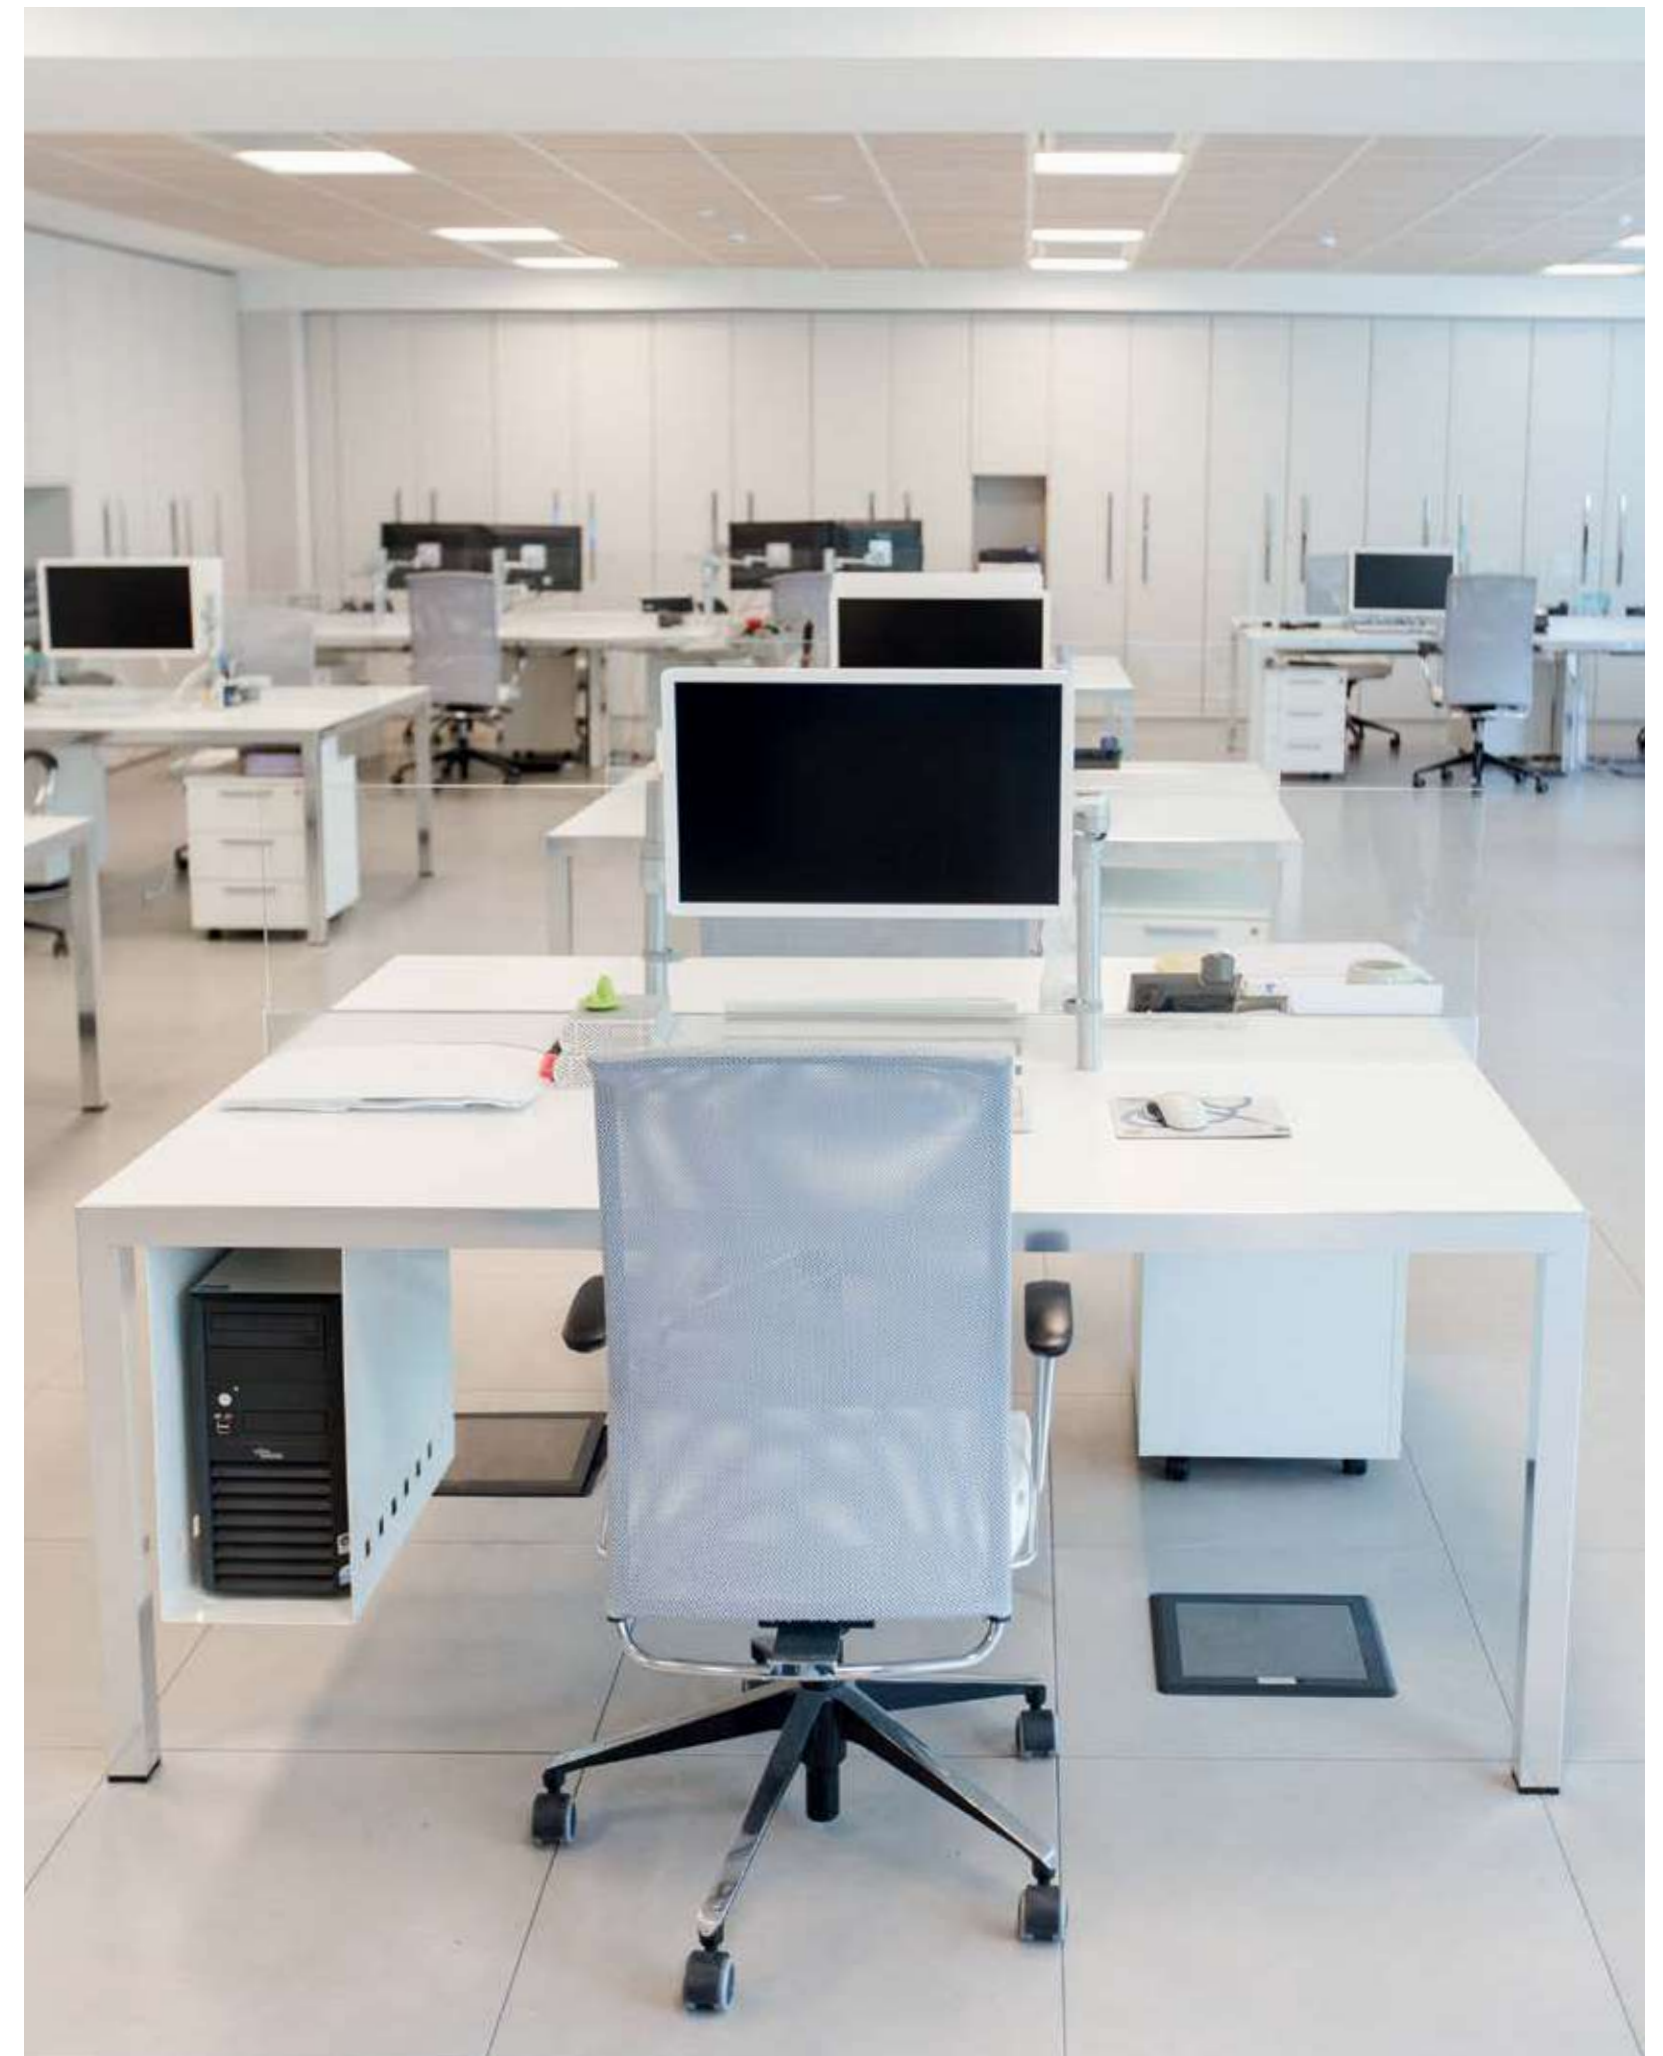

Grâce à une technique de travail particulière, ce mélaminé exclusif s'avère 'tridimensionnel' au toucher, un produit qui 'synthétise' qualité et esprit créatif.

Spazi flessibili e dinamici, dove convivono tempi e modi di lavorare differenziati.
 Un insieme di elementi che si integrano, che evidenziano la "pulizia" delle forme e l'eleganza dei dettagli costruttivi.
 Per un'incontrastata "spazialità" dell'ambiente.

Flexible, active office areas where different approaches and work timeframes coexist. A collection of components that complement each other, emphasising clean lines, fine style and elegant detailing.
 To give the environment an incomparable sense of space.

Des espaces flexibles et dynamiques, où cohabitent des temps et des modalités de travail différents.
 Un ensemble d'éléments qui s'intègrent et mettent en évidence la « propreté » des formes et l'élégance des détails de construction.
 Pour une « spatialité » unique de l'environnement.

Per una corretta valutazione di tonalità e colore delle diverse finiture rappresentate a catalogo, è necessario fare riferimento ai campioni fisici.

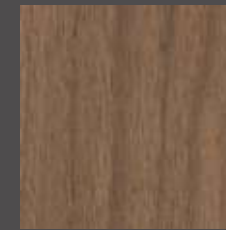

Due to variances in printed colours, see the swatches for the actual colours and shades of the different finishes.

Pour une évaluation correcte de la tonalité et de la couleur des différentes finitions présentées dans le catalogue, il est nécessaire de se référer aux échantillons physiques.

PIANI

I piani, realizzati in TAMBURATO LIGNEO spessore mm 50, sono disponibili nelle finiture NOBILITATO AVORIO, NOCE, WENGÉ e PELLE PRIMOFIORE (nelle varianti Panna o Tortora). Solo per la versione I_BENCH MEETING disponibili piani in CRISTALLO retroLACCATO nei colori NERO, MOKA ed EXTRALIGHT BIANCO. Lungo tutto il perimetro dei piani è applicato un PROFILO in ALLUMINIO spessore 3.5 mm con spigoli arrotondati in FINITURA BRILL, BIANCO, PELTRO o BRUNO OLIVA. I piani in cristallo (per la versione I_BENCH MEETING) in spessore mm 5 SONO APPOGGIATI SU UN PIANO IN TAMBURATO LIGNEO spessore mm 46 e presentano bordi perimetrali con spigoli smussati. Tutti i materiali utilizzati sono conformi alle norme UNI e sono in classe E1.

STRUTTURA

La struttura portante dei piani è costituita da gambe in estruso di alluminio sezione 50x50 in finitura BRILL (con piedino regolabile in colore nero). Nella parte superiore è agganciata una piastra a "L" in metallo spessore mm 6 verniciata con polveri epossidiche COLOR SILVER.

I_BENCH depth 80_ depth 146_MEETING

TOPS

The tops, created from 50 mm thick HOLLOW CORE WOOD are available in the finishes IVORY, WALNUT, WENGÉ or PELLE PRIMOFIORE (Cream and Tortora variants) LAMINATE. Only for the I_BENCH MEETING version, are GLASS tops available, retro-LACQUERED in BLACK, MOKA and EXTRALIGHT WHITE. Along the entire perimeter of the tops, a 3.5 mm thick ALUMINIUM PROFILE is applied, with rounded corners in a BRILL, WHITE, PEWTER or OLIVE BROWN FINISH. The 5 mm thick glass tops (for the I_BENCH MEETING version) REST ON A 46 mm thick HOLLOW CORE WOOD TOP, with rounded corner perimeter edging. All materials used comply with UNI standards and are class E1.

STRUCTURE

The structure supporting the tops consists of extruded aluminium legs with a 50 x 50 section in a BRILL finish (with adjustable black feet). An 'L'-shaped plate in 6 mm thick metal is hooked to the top part, finished in SILVER-COLOURED, epoxy powder paint.

I_BENCH prof.80_ prof.146_MEETING

PLATEAUX

Les plateaux réalisés avec un PANNEAU DE BOIS À ÂME CREUSE d'une épaisseur de 50 mm, sont disponibles dans les finitions suivantes: MÉLAMINÉ IVOIRE, NOYER, WENGÉ ou PELLE PRIMOFIORE (dans les couleurs Crème et Tortora). Uniquement pour la version I_BENCH MEETING, des plateaux sont disponibles en VERRE LAQUÉ dans les coloris NOIR, MOKA et BLANC EXTRALIGHT. Un PROFIL en ALUMINIUM d'une épaisseur de 3.5 mm avec des arêtes arrondies dans la FINITION BRILL, BLANC, ÉTAÏN ou OLIVE BRUN est appliqué sur tout le pourtour des plateaux. Les plateaux en verre (pour la version I_BENCH MEETING) de 5 mm d'épaisseur SONT POSÉS SUR UN PLATEAU EN PANNEAU DE BOIS À ÂME CREUSE d'une épaisseur de 46 mm et ils présentent des bords à arêtes ébroussés sur le pourtour. Tous les matériaux employés sont conformes aux normes UNI et de classe E1.

STRUCTURE

La structure portante des plateaux est constituée de pieds en extrudé d'aluminium section 50x50 dans la finition BRILL (avec pied réglable de couleur noire). Dans la partie supérieure est accrochée une plaque métallique en « L » d'une épaisseur de 6 mm, peinte avec des poudres époxy COULEUR SILVER.
