MOBLES 114

Mobles 114 specialises in producing contemporary furniture and fittings and is based in Barcelona. Founded in 1973, is committed to improving the quality of both public places and homes with timeless designs and unique designers.

Sustainability: Aware that 70% of the environmental impact of products and services is determined during the design stage, Mobles 114 sees design as a means of bringing about paradigmatic changes towards a sustainable model. We apply various eco-design strategies in our production. 100% recycled and recyclable materials; locally sourced or produced materials or natural materials; designs that are easy to assemble and dismantle; products made from a single material whose components can be recycled at the end of their life cycle, and minimal volumes to reduce consumption as a result of transport; as well as a design that emphasises high quality and durability in the final product.

Registered Trade Mark: Mobles114 is a registered international trademark. The design of Mobles114 products and both the catalog and the brands with whom they are distributed, are protected by national and international laws and treaties on intellectual property and industrial property. Any use, production, distribution or public communication of the same, not expressly authorized in writing by Mobles114, may constitute a violation of these rules and, therefore, a punishable crime.

Guarantee: All products included in Mobles 114 catalogue have a two-year guarantee against any manufacture defect. This guarantee does not cover any breakage or wear damages that may arise from a misuse of the product.

Supply: Some of the catalogue products are supplied disassembled. The products assembly is not included in the price. Sometimes the package includes two or more product units; this information is given for every product in the price list.

GENERAL SALES CONDITIONS

1. Recommended retail prices. The corresponding commercial discount will be applied on the invoice. Unitary prices excluding VAT.
2. Please ask for the minimum order amount and delivery terms
3. No claims and returns will be accepted without our authorisation or after seven days of reception. Claims due to transport will not be accepted after 48h of delivery.
4. Mobles 114 has all rights reserved to change sizes and finishes without previous notice.
5. The delay in payments or any anomaly allows us to vary the payment terms agreed upon, as well as retain current orders. The buyer will be responsible for all financial and legal expenses resulting from the breach of the agreement.
6. Mobles 114 is the proprietor of the goods until the complete payment of the invoice. In case of dispute, both parts are submitted to arbitration to the Courts of Barcelona.
7. This price list cancels the previous one.
8. All orders placed implicate the acceptance of these conditions.
9. All measurements are shown in centimetres.

PEY table system Technical information

JM Massana / JM Tremoleda

Table systems, furniture, suitable complements and accessories for particular equipment for offices, libraries, meeting rooms, community spaces and household. Since its first edition in 2001, the Pey collection has gradually improved its performance in terms of resistance, service and has extended considerably the amount of formats according to market needs. Standards: UNE-EN 527-1:2001 - Dimensions, UNE-EN 527-2:2003 - Mechanical Security, UNE-EN 527-3:2003 - Stability and mechanical strength of the structure, EN-61340 (part 2 - 1, part 2-3, part 5-1) static electricity dissipative (prevention lipoatrophy), UNE EN 15372:2008 resistance, durability and safety for non-domestic use tables.

Ecodesign: Mobles 114 is a sensitive and committed company to improve the quality of life and the preservation of the planet. That's why they acts responsibly on both editing and design of its products, and also in the monitoring of the production process. The Pey tables collection has obtained the Certification of the Management system of Ecodesign ISO 14006 for its reduction, in a 62%, of their environmental impact.

Formats: The Pey system has standardized a wide variety of formats in the different versions of four, six or eight legs. Sizes ranging from 55 cm to 830 cm, leg heights of 40, 74, 76 (accomplishing the accessibility code) and 90 cm high. 3. Structure: The structure supports free leg lengths up to 280 cm and consists of extruded aluminium legs and stringers with a 5 cm wide edge. The knot of union is cast aluminium which provides a great strength to the set and helps the whole assembly. Some formats include internal profiles that complement the structure and the support, meanwhile they can be used to hold some complements and the electrification of the same table. All structural elements are painted in white RAL 9002 or black RAL 9004. To request special finishing view options, delivery and price. Standards: Certified by SGS DIN 10204 (metallic products), paint: Directive 1999/45/EC (dangerous preparation for environment) and Directive 67/548/EEC (dangerous substances for environment).

HPL top: High pressure compact laminate top of 8 mm thick, high strength, durability and consistency. Standardized in white color RAL 9002, black RAL 9004, oak or walnut. To request special finishing view options, delivery and price. Standards: EN 432-2 paragraph 21 high impact resistance, EN 438-2 paragraph 25 high surface resistance, EN ISO 178 flexion resistance, level 6-8 EN 438-2 paragraph 27 lightfastness. EN 13501-1 Euroclass fire resistance.

Pey Central: Tables with central structure formed by a column and a steel base painted in white RAL 9002 or black RAL 9004. Round or square top is high pressure compact laminate HPL of 8 or 13 mm white RAL 9002, black RAL 9004, oak or walnut.
