MOBLES 114

Mobles 114 specialises in producing contemporary furniture and fittings and is based in Barcelona. Founded in 1973, is committed to improving the quality of both public places and homes with timeless designs and unique designers.

Sustainability: Aware that 70% of the environmental impact of products and services is determined during the design stage, Mobles 114 sees design as a means of bringing about paradigmatic changes towards a sustainable model. We apply various eco-design strategies in our production. 100% recycled and recyclable materials; locally sourced or produced materials or natural materials; designs that are easy to assemble and dismantle; products made from a single material whose components can be recycled at the end of their life cycle, and minimal volumes to reduce consumption as a result of transport; as well as a design that emphasises high quality and durability in the final product.

Registered Trade Mark: Mobles114 is a registered international trademark. The design of Mobles114 products and both the catalog and the brands with whom they are distributed, are protected by national and international laws and treaties on intellectual property and industrial property. Any use, production, distribution or public communication of the same, not expressly authorized in writing by Mobles114, may constitute a violation of these rules and, therefore, a punishable crime.

Guarantee: All products included in Mobles 114 catalogue have a two-year guarantee against any manufacture defect. This guarantee does not cover any breakage or wear damages that may arise from a misuse of the product.

Supply: Some of the catalogue products are supplied disassembled. The products assembly is not included in the price. Sometimes the package includes two or more product units ; this information is given for every product in the price list.

GENERAL SALES CONDITIONS

1. Recommended retail prices. The corresponding commercial discount will be applied on the invoice. Unitary prices excluding VAT.
2. Please ask for the minimum order amount and delivery terms
3. No claims and returns will be accepted without our authorisation or after seven days of reception. Claims due to transport will not be accepted after 48h of delivery.
4. Mobles 114 has all rights reserved to change sizes and finishes without previous notice.
5. The delay in payments or any anomaly allows us to vary the payment terms agreed upon, as well as retain current orders. The buyer will be responsible for all financial and legal expenses resulting from the breach of the agreement.
6. Mobles 114 is the proprietor of the goods until the complete payment of the invoice. In case of dispute, both parts are submitted to arbitration to the Courts of Barcelona.
7. This price list cancels the previous one.
8. All orders placed implicate the acceptance of these conditions.
9. All measurements are shown in centimetres.
